HE or SHE subtitled

"the view is better when you sit on the fence"
by Vicky Lee

What is in your new book?

"Each chapter is part auto biography with more detail than I have ever shared before PLUS in each chapter most generous and candid contributions, of thoughts and experiences and pictures, to compare with my own, from all over the world."

What subjects are covered exactly?

"Male or Female - TVorTS or something Inbetween? TG What is it? Who does it? When do they start doing it? Why do it? How long has this been going on? Is there a cure? The terminology? The politics? Choosing a name? How to feminise the body? How to buy clothes? Make-up, hair and wigs? Relationships? Networking? Support Groups? Dressing Services? The Law? Stepping out in public? Mixing and Mingling? The minefield of TG sexuality? I have covered every possible angle in much more depth than ever before. Each subject is illustrated with amazing pictures and many, new, extensive, Personal Profiles plus Profiles of TG support organisations and businesses

It sounds very comprehensive?

"It is - but I haven't stopped there. I have also explored in this book 'Creativity released through Transgender', with pages of interviews and examples of performing, fashion, music and photography. Then in the final chapter titled 'The World is your Oyster' I have pages of wonderful pictures. A kalidescope of worldwide opportunities in pictures"

It sounds like you have poured everything and then some into this book?

"This book is now my flagship publication I have tried to answer in more depth every question about the phenomena of Transgender. This is the book I always wanted to produce. Now I have made the investment and the leap of faith - I am going to promote it world wide for many years".

"I hope you will buy HE or SHE and that it will inspire you and help you and those around you to understand transgender and make the most of the opportunities that life offer YOU".

Transgender AtoZ

"The TG reference BIBLE for every handbag"
by Vicky Lee

After finishing the last 'Tranny Guide' book I reviewed how the TG scene was and where the series of book was going. I talked to many people from the UK. I visited the USA. I met other publishers and authors.

I met owners of shops and services. I asked :

"What can I do to improve on what I have done through the Tranny Guide over the last 12 years" ?

I listened carefully and concluded that I must create a SUPER book and thereafter promote it as my flagship to a wider readership. While MOST IMPORTANTLY at the same time providing a cheaper, annual, reference book, for readers to follow up and find specific contacts.

Therefore I am introducing a new and improved service.

'Transgender AtoZ' is a new annual publication that concentrates on Events diaries and Listings from around the world. These are supported by Personal Reports, Personal Profiles, Business Profiles and Reviews with hundreds of amazing pictures. This publication, I hope, will fulfil the requests for a comprehensive 'reference guide' with a traditional international listing format But there is MORE - MUCH MORE...

www.TransgenderAtoZ.com is a new web site that I have created to be the ON LINE (internet) version of this book. This web site (uniquely) is maintained interactively by those that create TG friendly events and offer shops, services and places to go, directly via the internet. While YOU the readers can add your news, reviews and pictures.

I have invested a lot of time and money in this web site. I hope that event organisers, groups, businesses and readers make it their own and carry on the work started by the 'Tranny Guide' back in those pre-internet days in 1993.

For those that do not have internet access or who want a book in their handbag - I intend to continue to publish an anual printed 'snapshot' of the entire Transgender AtoZ website each year.

WHO AND WHAT IS WAYOUT ?

Boys, Girls and Inbetweens - If you're new to 'WayOut' let me give you a quick introduction.

The WayOut Publishing Co is my company and my name is Vicky Lee and I am the editor of this magazine and two new books which I am introducing in this magazine. Previously over the last 12 years I have produced an annual book called 'The Tranny Guide' which has been referred to by many on the TG scene as "The Transgender Bible". I publish these books and this magazine through Ltd.

The WayOut Club is a promotion founded by myself and Steffan Whitfield in 1992. For over 650 nights we have hosted a party every Saturday night for boys, girls and inbetweens.

At The WayOut Club we offer a unique show or event EVERY Saturday and a place to eat, drink, dance and meet the most diverse crowd of people gathered in one place at one time anywhere in the world.

We are proud that our club attracts every age, race, culture, sexuality and GENDER. The WayOut Club is the worlds premier place to meet transvestites, cross-dressers, T-Girls, transsexuals, ladyboys, she-males, drag queens, admirers both male and female, families, partners and friends. Many who enjoy The WayOut Club have visited regularly over many years. Some, like myself, have hardly missed a night - yet we always remember the first time nerves. This has created a relaxed confident atmosphere where regulars welcome new guests. The non judgmental diversity of the WayOut Club can be a heady euphoric mix. Most tell me, as they leave after their first night, *"I just wish everyday life was as relaxed and comfortable as the atmosphere here at WayOut"*.

Our DJs build the night through from a blend of current dance remixes and favourites from the 70's 80's and 90's into euphoric happy house, chosen to lift your spirit. The dance floor is always busy.

Every week at The WayOut Club we take a break at 2am and clear the dance floor to present a show or event and every week is different. Most of our shows are, 'one off - never to be repeated' productions involving unique costumes, scenery, props and soundtracks that can only be achieved by the commitment of a wonderful 'family' of performers who just love the opportunity to exhibit their creativity and performance skills. I am proud to be 'Mum' to this fabulous family and look forward with my 'sister' Steffan to welcome you to the club very soon.

WHAT IS NEW FOR 2005-2006 AT THE WAYOUT CLUB ?

The first Saturday of the month is now our **SCENE QUEENS** night

We look forward to presenting some of the best live acts from the drag and alternative entertainment scene including Ruby Zenezuela, Stephany Starlett, Miss Terry Pace,, Miss Paula Pure, Miss Lena Lamont, Miss Sarah Lee as well as me Vicky Lee and Steffan too.

The second Saturday of the month is now our **STAR SEARCH** night

This is the rare opportunity that YOU are looking for to express yourself and perform. Previous Star Search winners will guest on this night to set the standard and to help the audience choose the weeks winner. Whether you mime, sing, juggle or just have a great costume (or just great tits) - this is your opportunity to join the show.

The penultimate Saturday of the month is now our **TITS, TEETH & TIARA TRIBUTES** night

Inspired by the sexy R&B princesses that adorn MTV videos, The glamour of the silver screen, The choreography of the concert tours. Our team of dancers and impersonators including Miss Kit Kat, Miss Ambre, Miss Rossita, Miss Matiane, Miss Josie and DJ Titch use this night to create tributes to those that they love.

The last Saturday of the month is now our **LETS GO TO THE MOVIES** night

Our finale for the month brings the creative talents of Miss Sarah Lloyd and Miss Paula Pure to the fore to re-create those "memorable movie moments" through clever soundtracks, costume, scenery, props - casting our chorus and characters from the wealth of WayOut talent.

Our Full 2005-2006 Diary is on page 10 of this magazine and is updated frequently with hundreds of pictures taken at the club on our web site WWW.THEWAYOUTCLUB.COM

WHAT IS NEW FROM WAYOUT PUBLISHING FOR 2005 - 2006 ?

Over 12 years my book 'The Tranny Guide' has introduced thousands of people to the transgender scene. There are still many more new people to reach out to and an evergrowing wealth of events, shops, services and places to go to bring to the attention of new and previous readers. A hard job for a 300 page annual book.

My new flagship book is called **HE OR SHE** "you get a better view when you sit on the fence"

With the help of contributors from all around the world this book, on its own, is as big as any of my previous books (and all in full colour with hundreds of pictures). However this book has no listings. Instead this book is far more auto biographical and includes not just my thoughts and personal experiences but many others. Through this book I explore every question that I have ever been asked and many more beside. It bulges with a deep level of advice from me and my contributors on every subject imaginable. A "Relationships" section explores the thoughts of friends and family. A "Creativity" section looks at the inspiration that transgender gives to those with in and outside the direct experience. This book, which I will be promoting and selling for many years, will in turn promote the TG AtoZ listing book and website that can turn an understanding into a real lifestyle.

The first edition of a new annual book called **TRANSGENDER AtoZ**

Building on the reputation of my previous books this new title returns to the format of individual listings for events, shops, services and places to go, from all around the world. This is backed up with Personal Reports and Personal Profiles from individual reporters. This book is cheaper than my previous books and is the reference address book / travel guide book to accompany He or She for those that are ready to explore.

The launch of a new interactive web site **WWW.TRANSGENDER AtoZ.COM**

A book can be read in private, carried in your handbag referred to in a flash. However once published it begins to date and the space on the pages is restrictive. I have invested heavily in a new high tech web site that enables those that provide services and those that use services to update this website at any time. My aim is to provide the ultimate "TG Bible" on line and to print an annual "snap shot" for those that maintain space in their handbag. This site will offer interactive News, Listings, Reviews, Reports. This site will be growing throughout the next year.

Other authors books and online freebies at **WWW.WAYOUT-PUBLISHING.COM**

I am proud to offer many other authors books and a number of free download publications from my publishing site. Over the coming year we will also be putting backissue 'Tranny Guide' pages to view online.
