WayOut Publishing Proud to Offer These web sites

This site primarily offers a wide range of magazines, books, videos, DVDs and CDs on the subject of cross-dressing, transgender and drag. Of course these include our own publications *The Tranny Guide*, *Transgender AtoZ* and *HEORSHE? By Vicky Lee* which are reviewed with sample pages. Other books and recorded products are also reviewed with sample pages and screen shots and are all available to purchase through the sites secure web shop.

This site also provides a wide range of personal, commercial and sexy links.

Please note: The comprehensive Shopping Mall will in the near future be duplicated and integrated into the new Transgender AtoZ web site - see following.

www.thewayoutclub.com

This site provides a diary and all the news of up coming nights at The WayOut Club and answers to every question to help you plan your visit.

The site features hundreds of pictures as well as video clips of our shows and some of our visitors.

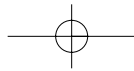

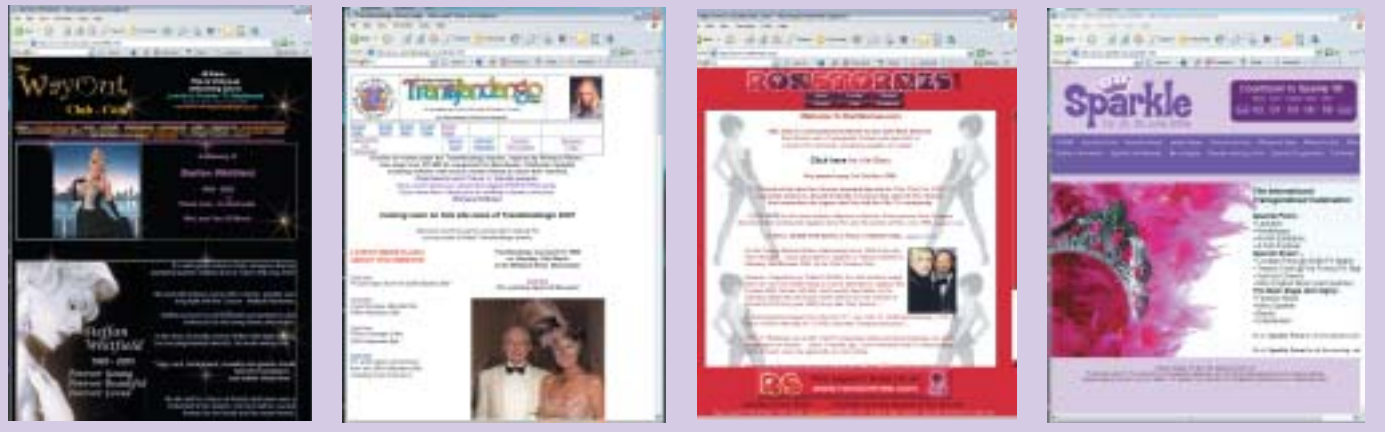

WAYOUT PUBLISHING ALSO SUPPORTS

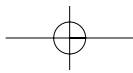

www.thewayoutclub.com/steffan.htm These pages contain a significant and growing tribute to Steffan Whitfield where you will find messages pictures a video tribute and details of the memorial service that was held at The WayOut Club during the week after his funeral R.I.P xxx

www.ronstormes.com We also support Peter White by providing a tribute site to the transgender ground breaker Ron Storme.

www.sparkle.org.uk We also help to support and promote the annual Sparkle event "possibly the largest TG gathering in the world" check out the website

AND NOW WayOut Publishing IS LAUNCHING www.transgenderatoz.com

Through my 'Tranny Guide' books, over 12 years, I have provided awareness of the growing scale of cross-dressing around the world and a practical guide to events, shops and places to go. Many have used my book while travelling the globe and refer to it as "The Transgender Bible". However in a printed book there is only so much space and especially when produced in colour, is expensive to print. Last year I launched a new style and new title guide book 'WayOut's Transgender AtoZ' and this year I am launching this interactive internet version of my book.

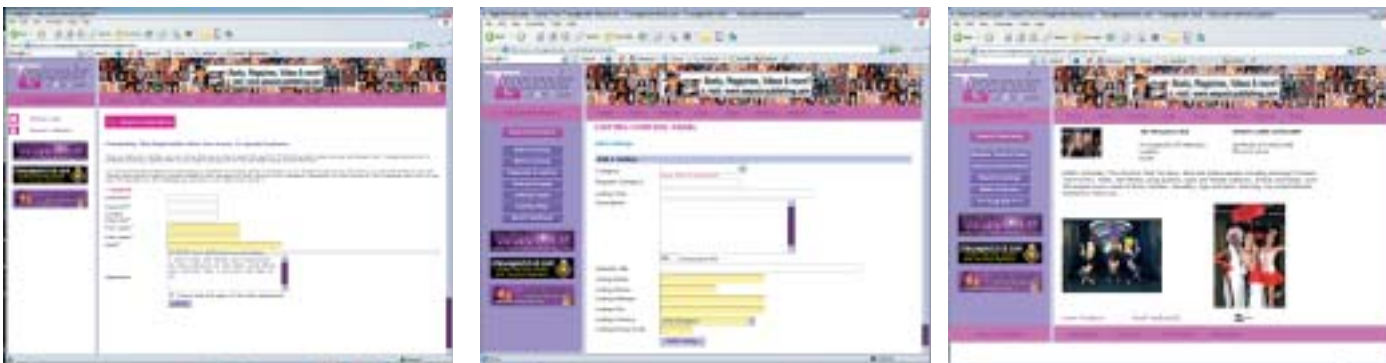

*Interactive Internet Version of 'WayOut's Transgender AtoZ.com'
Vicky Lee's 'Tranny Guide' is now on line for you to interact with at your leisure*

FREE access will be available to **Events Diaries** and like the printed book we will publish **YOUR Personal Profiles, Service Profiles, Articles and Worldwide Reports** of events, in your area, or an area you visit. Like the printed book we welcome you to send your pictures and text to create a wealth of awareness and a celebration of our similarities and our differences. Let 'WayOut's Transgender AtoZ' provide the shop window for YOUR view of the Transgender world.

HERE IS THE EXCITING PART

For a small subscription charge, this new site will enable you to **Browse and Search** all the entries in the printed book AND MORE IMPORTANTLY to **interactively ADD listings** for all your own favourite events, shops, services and places to go. You will also be able to **Submit Reviews** for the listings you use. You will be able to add new categories and new listings for anything that you think will be of interest to the sites visitors. So whether it is ... a regular event, a friendly clothes or shoe shop, a tranny poet or titillating tgirl - web site or walk in service - that you want to list - you can add it to the site. You can even upload up to 3 pictures for each of your entries and of course link these listings to other web sites. For those without their own web sites we even offer to upgrade your listing to a mini web page, with your choice of template and extra text and pictures space. Of course we are working hard to market our sites so you WILL be sure that Transgender AtoZ.com and it's content can be found easily through the search engines.

I hope YOU will help me to continue the work I started back in 1992 when I was struggling to find out about the trans scene that back then did not even have a name. I WAS that lonely transvestite and I thought I was the only one in the world. Now through 'WayOut's Transgender AtoZ' and the internet we can share our experiences and no one need be lonely.

Please note: All entries and edits to this site are moderated and approved by WayOut Publishing. No rudeness, bitchiness or overt exaggeration is allowed. If you recommend a service that service will be notified and encouraged to participate by keeping their listing up to date. We will be adding new listings ourselves continuously throughout the coming years.
